Visiting Team Member Assessment of the Performance of Visiting Team Chair

The American Council for Construction Education has made a commitment to sound and fair accreditation practices. The most visible aspect of the council's work and the very basis of the accreditation process is the Evaluation Team's Visit to construction programs and the subsequent Visiting Team Report. In accordance with its commitment to a full and fair appraisal of construction education programs, each of the Visiting Team Members are asked to assess the performance of the Visiting Team Chair. This information will be used to improve future site evaluation procedures.
